Whitewater Rafting in Chile:

Futaleufu Rafting : Full Futaleufu River Rafting Extreme Fast Track. 4 Full Days

The Futaleufu River in whitewater circles is known as one of the most stunning and challenging rivers in the world. It is an inspiring whitewater power storm, with a life pulse of turquoise champagne like water. Riding the spine of this river as it flows through this isolated portion of the glaciated Chilean Andes is an unparalleled experience that many consider one of the top river experiences in the World. A must on your bucket list, and one of the top vacations in South America. Once you feel the direct connection with this incredible force of Patagonian nature you will understand why it has earned its reputation as "The Greatest Whitewater on Earth" !!! The river's name is derived from a local Tehuelches Indian word meaning "big big river" and it more than lives up to its namesake in every respect.

The Futaleufu raft extreme fast track descends the entire whitewater portion of the Futaleufu river in four full action packed days. This is full on rafting, each day we do at least at least two sections of the river. During your stay you will descend from 1100 feet above sea level from near the border with Argentina paddling to just 210 feet above sea level near Lago Yelcho. One day we get to repeat one of the most fun and exciting sections from the previous day, before we continue down into a more challenging section called Casa de Piedra. The second time is always sheer fun. The last day levels permitting we do the climax section of the Futaleufu.....the Inferno Gorge. This is for those that have limited time to see and experience the Futaleufu river. We know you will not want to leave after just

four days however in that time you will have seen the entire Futaleufu at its best.

[The Eco Campo Tres Monjas](#) located on a white sand beach at the confluence of the Futaleufu river and the Rio Azul. The RiverNest Cabins are hidden between the river bank and the Riparian forest of exotic looking Patagonian Trees. Each cabin is accessed by a private sand trail. After dinner you can enjoy a camp fire on the beach as you watch the moon rise between the impressive spires of Tres Monjas peak standing guard over head. There is a sauna, flush toilets, a drying room for your river clothes, dining lodge, a selection of hot showers, including an exotic outdoor shower masterly hidden within huge natural boulders. All this is designed with great thought to harmonize with nature. On this week long trip you will be able to play hard during the day in the wilds of Patagonia and return to the comforts of sit down dinning, a cozy stove, sauna, and a warm bed. Rafting in Chile does not get any more exciting, wild and comfortable than this.

Day by Day:

Day 1 Friday: Depart your hometown: Fly to Miami and connect on an overnight flight to Buenos Aires Argentina. Welcome to the warmth of the southern Hemisphere in summer.

Day 2 Saturday: Travel to Trevelin, Patagonia Argentina

Early morning arrival in Buenos Aires. Change airports with a taxi or shuttle bus and catch another flight to Esquel Argentina. Trevelin Argentina is a charming mountain village gateway just 45 minutes from the Esquel airport and 45 minutes from the Futaleufu River in Chile. Check into the Casa de Piedra hotel and walk to one of several Argentine restaurants with the Chilean Andes in view. Unwind, relax, and get a good night's sleep before the start of your trip the next morning.

Day 3 Sunday: Your trip starts. Raft from the near the Border to Campo Tres Monjas

After a relaxing night's sleep at a hotel in the quaint Welch town of Trevelin deep in Patagonia Argentina, we begin this exciting trip with a quick shuttle across the Chilean/Argentinean border and into the Futaleufu Valley. After clearing customs we go direct to the Futaleufu put-in where we will meet your guides and rafts. After

changing into our river gear, your luggage will be whisked away and magically show up at your RiverNest cabin at our river eco-camp before you arrive. After the introduction of whitewater and paddling skills we encounter a section of mild class II water flowing through the Las Escalas valley. A couple of hours later the river shows its wild side and we encounter "[Zeta](#)" and "[Throne Room](#)", two of the most challenging (Class V+) rapids on the Futaleufu. We study and will portage both. After the portages, we get into our first action, the section called "The Wild Mile" which contains [Tres Islas](#) (III), [Roller Coaster](#) (III), [Honorable Mention](#) (IV minus), [Wild Mile](#) (IV minus) and the climatic Thing. The excitement doesn't stop until we get to the confluence of the Futaleufu and Azul rivers as we take out on the unspoiled beach at our Camp Tres Monjas with the stunning peak of the same name standing guard. At our secluded camp you find your luggage in your cabin. You will be given a tour following trails to the sauna, showers, drying shed, bathrooms, and dining hall. This idyllic spot will serve as the take out and put in for your activities for the rest of the week's adventures. This setting is arguably one of the most stunning on the river. Relax in the sauna and ready yourself for a sit down meal.

Day 4 Monday: Rafting: Terminator Section and the Heart of the Futaleufu

This has to be one of the most fun and action packed days of rafting, anywhere on earth. We take off from our sand beach at camp and head downstream to a couple of warm up rapids before the river takes on an extremely powerful nature, with the longest rapid on the Futa, the "[Terminator](#)" (Class V). After a careful scout and plan we will run this rapid. Just below, we'll have to negotiate the hole filled "[Khyber Pass](#)" (Class IV+) and the [Himalayas](#) (Class IV), with perhaps the biggest standing waves in the hemisphere with a huge pool below. After Lunch we run another complete section called the the Heart of the Futaleufu. This section, from the Zapata swinging bridge to the Puente Futaleufu, includes five miles of Class IV+ rafting action. Rapids such as "[Entrada](#)", "[Pillow](#)", "[Tiburón](#)", and "[Mundaca](#)" with its must-see explosion hole, will keep you on your toes. Though drop pool the pools are short and the action non stop. After the trip we return to our Camp and take advantage of our sauna and masseuse and work out any sore muscles you might have after a big day of paddling.

Day 5 Tuesday: Lower Futaleufu Rafting: The Heart of the Futaleufu and Casa de Piedra Section

We take off from the beginning of the the Heart of the Futaleufu. This is the action packed section from the day before that includes five miles of Class IV+ rafting action. Rapids such as "[Entrada](#)", "[Pillow](#)", "[Tiburón](#)", and "[Mundaca](#)" with its must-see explosion hole, will keep you on your toes. As we begin our final section of river today we will thread through the well named Maso Menos rapid getting ready for the magical and daunting rapid Casa de Piedra. Casa, as commonly called by our expert guides, is a long class V rapid appropriately named for the house size rock that must be navigated before flying past the helicopter eddy and down through a maze of truck size holes and waves. The take-out is at a spectacular cliff wall with towering glaciers in the distance. After we finish this we return to the Campo and RiverNest cabins.

Day 6 Wednesday: Rafting Infierno to Las Escalas. This is the most demanding, committing, and exciting section of the Futaleufu, the highlight of our Patagonia rafting program! It is also optional. If you feel that you have had enough with the previous sections a multisport activity can be scheduled. To raft this section safely, the river levels must be correct, you must have rafted the "Heart" section with us and met all of our safety requirements. We put in at the Río Espolon bridge and raft to the the confluence with the Futaleufu River. At the "[Gates of Infierno](#)", we enter the "Infierno Canyon" with several consequential and continuous Class V drops. After an exciting morning of rafting in the Inferno canyon, the river widens with spectacular views of Las Escalas Valley. At the take out of Las Escalas your baggage will be waiting for you in a vehicle that takes you direct to the border for an early evening taxi back to your Hotel in Trevelin. Shower and go out on the town for a great dinner.

Day 7 Thursday: Return to Capital City

Depending on your connections you are now are in Argentina ready for an early departure in a cab from you hotel to the airport in Esquel and for your Thursday afternoon flight back to Buenos Aires.

Day 8 Friday: Return home
