Whitewater Rafting in Chile:

Futaleufu Rafting : Full Futaleufu River Executive Rafting

(5 days from home, 4 full days on the river)

The Futaleufu Executive Rafting trip is ideal for private groups, VIPs, and family reunions. You will save time with a charter flight that awaits your group when you arrive early in the morning at the Puerto Montt airport in Chile. An hour-long flight over the spectacular Andes takes you to a remote airport just minutes from the put-in on the Futaleufu. After the end of your fourth rafting day, a late afternoon charter flight awaits to return you to Puerto Montt for your connection to Santiago and the overnight flight to your home country. This set-up drops two days of travel time and has you boarding your raft on the Futaleufu less than 24 hours after departing your home town. This trip gives you four full days on the Futaleufu and keeps you from work and family for only five days. For the executive trip, we also offer the custom filming of your group in this spectacular setting. Our team can be equipped with drones, GoPros, and shore-based cameras to make your group a 20 to 30 minute film that will be a keepsake memory forever.

We descend the entire whitewater portion of the Futaleufu River in four action-packed days. This is full-on rafting, as we do at least two sections of the river each day. During your stay, you will descend from 1100 feet above sea level near the border with Argentina to just 210 feet above sea level near Lago Yelcho. This trip is for those who have limited

time to see and experience the Futaleufu River. We know that you will not want to leave after just four days, however in that time you will have the opportunity to see the entire Futaleufu River.

[The Eco Campo Tres Monjas](#), or your accommodation during the trip, is located on a white sand beach at the confluence of the Rio Futaleufu and the Rio Azul. The RiverNest Cabins are hidden between the river bank and the riparian forest, and each cabin is accessed by a private sand trail and surrounded by exotic Patagonian trees. After dinner, you can enjoy a campfire on the beach as you watch the moon rise between the impressive spires of Tres Monjas peak. At camp we have a sauna, flush toilets, a drying room for your river clothes, a dining lodge, and a selection of hot showers - including an exotic outdoor shower masterfully hidden between natural boulders. On this week-long trip, you will be able to play hard during the day in the Patagonian wild and return to the comforts of sit-down dining, a cozy stove, a sauna, and a warm bed. Rafting in Chile does not get any more exciting, wild, and comfortable than this.

Day by Day:

Day 1 Saturday: Depart your hometown at midday

Overnight flight to Santiago, Chile

Day 2 Sunday: Travel to Futaleufu and raft to Campo Tres Monjas

Welcome to the warmth of summer in the Southern Hemisphere with an early arrival in Santiago. Grab your bags, clear customs, and change terminals. Board the first flight arriving in Puerto Montt at around 9:45 am. There, you will be met by a charter flight representative who loads your luggage into the charter plane. Board your waiting flight and arrive in Futaleufu in one hour. Your ExChile trip pick up point will be where the charter flight lands. The river, guides, and rafts will be waiting thirty minutes away from the airport. Our first day on the river will be on the introductory Las Escala section. After our guides introduce you to safety and paddling skills on the river, we will encounter a section of mild class II water flowing through the Las Escalas valley. A couple of hours later, the river shows its wild side and we encounter [Zeta](#) and [Throne Room](#), two of the most challenging (Class V+) rapids on the Futaleufu. We will study and portage both rapids. After the portages, the action starts with the section called "The Wild Mile," which contains [Tres Islas](#) (III), [Roller Coaster](#) (III), [Honorable Mention](#) (IV minus), [Wild Mile](#) (IV minus), and the climatic "Thing." The excitement continues until we get to the confluence of the Futaleufu and Azul Rivers. We take out on the unspoiled beach at our Campo Tres Monjas, where a stunning Patagonian peak stands guard. You will be given a tour of the trails leading to the sauna, showers, gear drying shed, bathrooms, and dining hall. This idyllic spot will serve as the take-out and put-in for your activities for the rest of the week's adventures. This setting is arguably one of the most stunning on the river. Relax in the sauna and prepare for a sit-down meal.

Day 3 Monday: Rafting: Terminator Section and the Heart of the Futaleufu

Today has to be one of the most fun and action packed days of rafting anywhere on Earth. We take off from our sand beach at camp and head downstream to a couple of warm up rapids before the river takes on an extremely powerful nature with the longest rapid on the Futa, [Terminator](#) (Class V). Just below, we'll negotiate the hydraulic hole-filled [Khyber Pass](#) (Class IV+) and the [Himalayas](#) (Class IV), which has perhaps the biggest standing waves in the hemisphere. After lunch, we run another complete section - Bridge to Bridge - which is the heart of the Rio Futaleufu. This section, from the Zapata swinging bridge to the Puente Futaleufu, includes five miles of Class IV+ rafting action. Rapids such as [Entrada](#), [Pillow](#), [Tiburón](#), and [Mundaca](#) - which has a must-see explosion hole - will keep you on your toes. The action is non-stop and the calm between the rapids is short. This is world class rafting at its best! Even our most experienced river runners tell us that they have never seen such continuous non-stop action. After the trip we return to our Campo and take advantage of our sauna and massage room to work out sore muscles you might have after a big day of paddling.

Day 4 Tuesday: Lower Futaleufu Rafting: The Heart of the Futaleufu and Casa de Piedra

We take off from the beginning of the Heart of the Futaleufu. This is the action-packed section from the day before that includes five miles of Class IV+ rafting action. As we begin our final section of river today, we will thread through the aptly named Mas o Menos rapid, preparing for the magical and daunting Casa de Piedra rapid. Casa - as the rapid is commonly referred to by our expert guides - is a long class V rapid appropriately named for the house size rock that must be navigated before we fly down through a maze of truck-sized holes and waves. The take-out is across the river from a spectacular cliff wall, and glaciers tower in the distance. We then return to the Campo and to the RiverNest cabins.

Day 5 Wednesday: Rafting Infierno to Campo

Infierno Canyon is the most demanding, committing, and hazardous section of the Futaleufu, and it is the highlight of our Patagonia rafting program! (It is also optional.) If you feel that you have rafted enough, however, a multi-sport activity (i.e. sea kayaking, whitewater kayak lessons, mountain biking, or trekking) can also be scheduled. To raft this section safely, the river levels must be ideal. You must also have rafted the "Bridge to Bridge" section with us and have met all of our safety requirements. We put in at the Río Espolon bridge and raft to the the confluence with the Futaleufu River. At the [Gates of Infierno](#), we enter the "Infierno Canyon" with several consequential and continuous

Class V drops. After an exciting morning of rafting in the Inferno canyon, the river widens with spectacular views of Las Escalas Valley. At the take out of Las Escalas, a vehicle will be waiting to take you to your charter flight back to Puerto Montt. Connect to Santiago and to your international flight back to your home country.

Day 6 Thursday: Arrive in your home country

Clear customs and connect with the first flight back to your home town around midday.

Contingencies

Weather and River Flow: ExChile will work to make your trip a total success, though your trip itinerary may vary based on unforeseen circumstances related to weather, river levels, or to other unpredictable variables. Given that the weather in Patagonia and the water level of the Rio Futaleufu can change, some runs may be dangerous at certain points in time. However, our experienced guide staff will work closely with you to determine the optimal substitute option, if relevant. If you have any concerns, please feel free to reach out to ask us more about potential risks and options.

Transportation: If extreme weather diverts your direct charter flight between Puerto Montt and Futaleufu to the all weather airport of Chaiten, ExChile will provide ground transport between Chaiten and Futaleufu. This course of action will allow you to maintain the planned itinerary. ExChile and G & G Travel and Tours are not financially responsible for travel complications associated with your scheduled carriers beyond the charter flight. However, we will be your relentless ally 24/7 in offering our influence to help solve any issues that you may encounter en route. Our clients provide significant business for the transportation services that we recommended, and they know that we aggressively represent our guests in finding solutions while they are en route to ExChile trips. How to get to and from Patagonia (Interactive)

Executive Travel Route (Through Puerto Montt, Chile ; Charter direct to Futaleufu)

You will want to book the earliest arriving international flight into Santiago, allowing you to connect to the earliest arrival into Puerto Montt for your charter flight. At the end of your trip, your international connection back home should leave as late as possible from Puerto Montt, thus allowing you a full rafting day on the last day of your trip.

How to organize your en route in one step: We recommend contacting Gilda ([G & G Travel and Tours](#)) who can help arrange all en route transportation and pre- and post-trip hotels for your ExChile trip. Give her a call to compare prices, as she often beats internet fares.
